

Friends of OxFizz: A unique investment opportunity

OxFizz is about inspiring a new generation of philanthropists and volunteers who are making a difference in a different way, promoting small and local charities and developing the skills of talented young people interested in a career in the charity sector.

Our entrepreneurial spirit makes us strive to maximise every penny and source pro bono support where we can. As a young social enterprise entering our third year we are keen to engage more **Friends of OxFizz** to help support our funds and connect further with what we're doing.

OxFizz isn't a traditional charity, and your funding isn't a normal donation – it's an investment. Last year, for every pound our supporters invested in **OxFizz** we generated £7 for charities, as well as supporting our wider objectives. This year we aim that for each pound invested we will raise £12 for charities.

Could you consider supporting us? If so, please fill out the form overleaf. We'd be most grateful.

Your money...	...Could...	...AND raise the following for charities
